S3 Option Form 2022

Instructions

Write your name and class in the space provided overleaf.

You will study **seven** subjects in S4. All pupils are required to study English and Maths which means you have to choose **five** other subjects to study next year. **Indicate your choice of subjects from the table overleaf by writing the numbers 1 - 5 next to each subject name**. To give yourself the best chance of success it is important that your choice of options subjects for study in S4 is made from those which you currently study in S3.

We endeavour to ensure that pupils are able to study their first choice of subjects though on occasion this is not always possible, for example a subject may have to be withdrawn due to insufficient pupil numbers or staffing constraints. **Ensure that you indicate a reserve subject by writing R next to a sixth subject name.**

You must also obtain the signature of a member of staff for each choice of subject (not including English and Maths). This will normally be your class teacher from the department that teaches the subject. **Please note that it is your responsibility to obtain each signature. Your option form will not be considered complete without an appropriate signature beside each subject choice.**

The remaining periods on your timetable are set aside for core Physical Education.

Ensure that you bring this option form with you to the options interview. If you have a specific issue with the option choices please make a note in the 'Points for Discussion' box below. Where you have any difficulty completing the option form, you will be able to seek the advice of your PT Pupil Support or Depute Head.

POINTS for DISCUSSION

Signature of pupil: _____

Signature of parent / carer:_____
